ROY KIRKHAM FINE BONE CHINA

ABOUT US

Roy Kirkham Fine Bone China England is family owned and run, and takes great pride in the production of luxurious fine bone China tableware for their discerning hospitality clients.

Fine bone china is produced using fine China clays, kaolin and bone ash. The resultant body allows for the creation of a beautiful, creamy white, lightweight, translucent refined product to be formed, whilst possessing a high level of durability and chip resistance; making it the ideal choice for use in luxury level and discerning hotels, restaurants, and other hospitality operators, as well as for their gift outlets.

ROY KIRKHAM LTD FINE BONE CHINA

PRODUCTION FACILITIES

Roy Kirkham Ltd have been producing elegant fine bone china at the same site in Stoke-on-Trent, England since 1972. The bone china factory houses multiple cup plants, glaze spraying facility and casting production.

We also have onsite decal manufacturing facilities producing custom made ceramic transfers for the bone china, offering a wide colour palette of on-glaze and ceramic relief decals and highly durable microwave & dishwasher safe metallic effect colours.

BESPOKE DECORATION

A conceptual decoration referencing your hotel or restaurant interior, theme or architecture could be required.

Individuality is paramount in so many situations, and this is not always that easy to achieve. At Roy Kirkham together with our Horeca sales agent & design team we can help you on your journey in creating that specific individual decoration concept.

From achieving full understanding of the theme; through to CAD interpretation & then delivering the final result.

- Provide us with a brief & overview & enclose desired colour & style requirements.
- Choose your items from the wide range of bone china pieces available.

And

The Roy Kirkham Team can manage & help you achieve if not exceed your brands expectations.

CARE GUIDE

Roy Kirkham Fine Bone China is all made to be used in a food service environment and is constantly quality checked before being dispatched to the customer. It is made to the highest standard to ensure that it can withstand rigorous day-to-day use and our fine bone china is microwave and dishwasher safe. (Note that only items with no gold or platinum are safe in the microwave.)

- WASHING BY HAND

- 1) For the best results wash in hot water with mild detergent.
- 2) Do not stack any items on top of each other and place in the bowl or sink with care as bone china can easily be scratched or damaged if knocked aggressively together. It is best to wash items individually.
- 3) Use a sponge or soft cloth and not abrasive pads or metal scourers to clean.
- 4) Ideally wash/rinse items straight away to avoid stains.

- WASHING IN A DISHWASHER

- 1) Wash with mild detergents.
- 2) Some detergents can affect gold lining so it is preferable to hand wash any items with gold on them.
- 3) Stack carefully and do not overload the machine as this can result in scratches and breakages.
- 4) Please ensure that the water is at the correct temperature

- CARE OF YOUR FINE BONE CHINA

- 1) Avoid sudden temperature changes as this can seriously affect the china (thermal shock)
- 2) Never expose fine bone china to direct flames/heat.
- 3) Please ensure that cutlery is washed separately to avoid metal marking.

When using your Fine Bone China please treat it with the respect that high quality and beautifully designed products deserve. Although very strong Fine Bone China can still crack or break if not treated in the correct way.

Sustainability & The Environment

To preserve the World for future generations, Roy Kirkham acknowledges its commitment to actively reduce the environmental impact of the production and packing processes within their factory.

Roy Kirkham fine bone china tableware is manufactured from naturally occurring clay and organic materials, and the finished products are intended to be used again and again, rather than disposed of after single use. This significantly reduces litter, landfill, disposal and recycling costs, allowing individuals to mitigate their own impact on the sustainability of the products they consume and the world in which they live.

Roy Kirkham Ltd are SEDEX compliant.

Products comply to EU Directives 84/500/EEC and 2005/31/EC & EN1388 for food safety.

For the photography Roy Kirkham Ltd would like to thank

Legacy Silverware for their Cutlery.

Rona for their Glassware.

Studio William Welch for their Chopsticks & Leaves.
